Information about the NORTH LODGE:

It has 9 air-conditioned rooms with private baths. Rooms are available for one (1) night only. Linens and towels are furnished (bring your own towel for swimming). Each room can sleep up to 5 people (one queen size bed, one double with a top single bunk bed). Rooms are close to the East Lodge. If you apply for the North Lodge and are just one person in a room, please note that you may be asked to have others in the room with you if there is a need for more space, especially if you are in a room on the first floor which is specifically for people with physical limitations. We ask you to assemble your own group. Please list all the people staying together in one room. One person should be designated as the group contact. You will be notified as to whether you will be staying in the North Lodge.
