

Reminder from the Stewardship Commission about Cross-Congregational Fundraising

Open "at will" local fundraising among other churches may foster a financial competitive spirit among our congregations. Therefore, any ANE congregations desiring to solicit other ANE congregations for fundraising purposes must first inform and seek affirmation from the district's Stewardship Commission.

1. This also applies to a congregation's fundraising efforts for outreach ministries which are under the umbrella of a separate incorporation.
2. This does not apply if they are only soliciting existing contributors.
