

WILDERNESS VETERANS TRAIL CREW

**Gain training and experience,
such as:**

- Chainsaw use & maintenance**
- Technical trail building & maintenance**
- Crosscut saw use**
- Instream habitat improvements**
- Watershed function & ecology**
- Overview of USA Jobs application process**

Spend 21 weeks working, hiking, and living in the Eastern Oregon wilderness. Work along side fellow veterans to improve public access and safety on the wilderness trail system and support habitat restoration needs for native fish.

This program offers veterans with a valid DD214 a path to reenter civilian life while gaining transferable experience supporting careers in natural resource management.
