

**Register Democrats.
Save the world.**

Field Team 6 Black Outreach Organizer

- Are you **eager to identify and overcome** voter registration barriers that intentionally suppress Black voters?
- Motivated to **fight GOP disinformation** by helping Black voters safely vote-by-mail?
- Ready to **develop partnerships** with Democratic clubs, HBCUs, churches, and grassroots groups?
- **Mindful** of harmful blame-the-victim voter registration frames? Ready to develop anti-racist messaging instead?
- **Primed** to put your talents to work on the most important election of our lifetimes?

Yes? Then we'd love to have you join Field Team 6 as an **Organizer** with our **Black Outreach Team**. Our mission: **Register Democrats. Save the world.** Partisan voter registration is our secret weapon in the battle to swing twelve key states in 2020. And we will not win without more Black voters, the single most targeted community for voter suppression, who could be the decisive factor in elections across the country.

Through your experience with outreach to the black community, be a thought partner with us on expanding Black voter registration and creating new partnerships every day. This is a volunteer position that can be done remotely.

Interested? Email us at sarah@fieldteam6.org. Thank you!
