

## We are offering free CEUs

We thank the dementia care workforce for all you do to support individuals living with dementia and their caregivers. New this year, we will be offering free CEU programs throughout the year for dementia care professionals in lieu of our annual professional conference. We recognize the importance of flexibility when it comes to educational opportunities. We hope you will join us at one of our live virtual offerings.

### UPCOMING PROGRAM

**APRIL 3, 2025**  
**12:00 - 1:00 PM ET**  
**VIRTUAL**

**[CLICK HERE TO REGISTER OR SCAN THE QR CODE](#)**

**CEUs Available**

#### **LGBTQIA+ Panel Discussion: Offering Culturally Sensitive Care**

*Moderated by Lisa Krinsky, MSW, LICSW, Director of the LGBTQIA+ Aging Project, a program of the Fenway Institute at Fenway Health in Boston*

This session will feature a panel discussion of LGBTQIA+ caregivers providing valuable insights to professionals on how to offer LGBTQIA+ culturally sensitive care to this unique population. The LGBTQIA+ community faces unique challenges related to Alzheimer's and dementia. These include finding inclusive and welcoming healthcare providers, having less ability to rely on adult children for assistance, concerns about stigma, and higher rates of poverty and social isolation. LGBTQIA+ individuals who are spouses, partners, or family members caring for someone with Alzheimer's may also struggle to find culturally sensitive care, support networks, and other resources. Important considerations include planning for the future, legal matters, end-of-life care, and accessing quality healthcare.

Nursing: This program meets the requirements of the Massachusetts Board of Registration in Nursing at 244 CMR 5.00 for 1 contact hour.

Social Work: Application for social work continuing education credits has been submitted. Please contact Lorraine Kermond, lkermond@alz.org, for the status of social work CE accreditation.
