

## **SPRING CONCERT** **Sunday, May 19 4 p.m.**

Make your plans now to attend the 20<sup>th</sup> annual Spring Concert on Sunday, May 19, at 4 p.m. in the Worship Center. This program, presented by the music ministry of Bethany UMC, has become a springtime favorite and promises to be a wonderful hour of music in a variety of styles including spirituals, sacred, gospel, contemporary, and secular music. It is the perfect opportunity to invite someone to visit Bethany for the first time.

The concert will include instrumental music by our Bethany Orchestra, plus handbell music by our two adult bell choirs (Bethany Bells and Hallelujah Ringers). All God's People Chimes, always an audience favorite, will also be playing. A special trio will feature Joy Scott—vocalist, Mary Len Stanton—flute, and Jane Olson—harp.

The Spring Concert will also feature choral music presented by our youth choir (PURE SOUND), our women's ensemble (Grace Notes), and our men's ensemble (Journeyman). This is a program you won't want to miss. Come and invite your friends and family to this free concert.

## Living into the Resurrection

*"We were buried therefore with him by baptism into death, in order that, just as Christ was raised from the dead by the glory of the Father, we too might walk in newness of life ... Do not present your members to sin as instruments for unrighteousness, but present yourselves to God as those who have been brought from death to life, and your members to God as instruments for righteousness."*  
- Romans 6:4,13

Two weeks ago, we did it. We woke up to a beautiful spring morning and went to the biggest worship service of the year. We celebrated that our Savior did not stay dead but rose from the grave on the third day. We sang songs about this truth, we heard a sermon on it, and we even proclaimed the resurrection for our loved ones who have died this year. Hearing about the resurrection is important, and celebrating it on Easter is a joyful experience, but for us the question remains: **Will we be a people who celebrate the resurrection once a year, or will we be a people who live into the resurrection every day?**

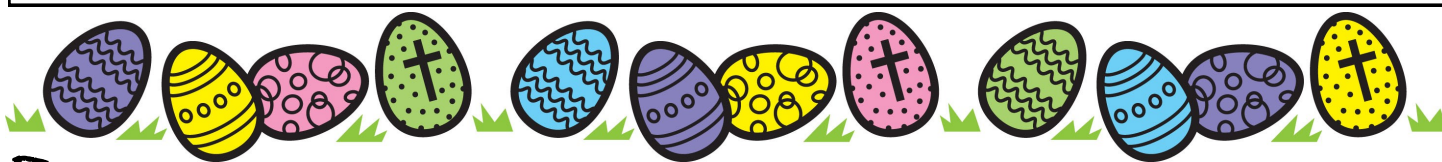

Paul explains in Romans 6:4 that the resurrection is important for how we live our day-to-day lives. It is because of the resurrection of Jesus that we as His followers can live new and transformed lives here and now. Our baptism marks the beginning of this journey: we are lowered into the water symbolizing our dying with Christ to the old ways and to our old nature, and we come out of the water symbolizing the resurrection of Christ and His new life being applied to us. Now we get to "walk in newness of life." This doesn't just mean we start acting like nice Christian people. What Paul has in mind is that we will be transformed from the inside out by tapping into the same life-changing resurrection power that brought Jesus back from the dead. So how do we tap into that resurrection power so that our lives can be made new?

Paul gives us the answer a few verses later — tapping into the resurrection power happens when we "present ourselves to God" (Rom 6:13). **When we offer ourselves to God, He is able to work on us and transform us in deeper ways than we can do on our own.** Richard Foster reminds us that our job is to "place ourselves before God so that He can transform us." (*Celebration of Discipline*, p. 7). When we do this regularly and over the long run, we allow the life-changing power of the resurrection to be at work in our lives. Our hearts get changed as well as our behavior. We grow in our love for both God and people. Our lives begin to resemble the life of Jesus more and more as the resurrection power is at work in our lives.

Consider how God might be calling you to live into the resurrection during this season in your life:

- Have you experienced God's transformation in your life in the past? What changed? What led up to that change?
- What parts of your own life still need to be made new? (We all have them ... be honest.)
- What is one tangible thing you can do to place yourself before God this week so that His resurrection power can begin making you new?

## The Heritage Project - "Because We Care"

Sooner or later, each of us will reach the end of our life here on this earth. When that time comes, our loved ones left behind face a set of intimidating tasks and decisions. They must deal with difficult questions while grieving and adjusting to the loss. The Heritage Project was devised by members of our church family to help each individual prepare the necessary decisions and facts to assist grieving family members to immediately know what you want done after your death. A Heritage Packet has been created containing advice and forms that will allow you to answer in advance the questions that arise at such a time.

Adults can pick up a personal copy of the packet in the church office. After it has been completed, it should be stored in a secure place such as a bank deposit box, with your attorney or with a trusted family member or friend. The church will provide a locked and secure location should you wish to store it here. For more information contact Sandy Kilgore at [sgkilgore@att.net](mailto:sgkilgore@att.net).

## COUNSELOR'S CORNER

### America's Alarm:

### May, the Month of Mental Health Awareness

This year marks MHA's 70th year celebrating Mental Health Month!

Mental health awareness week starts every year on the second Monday in May. In this year of 2019, awareness is from May 13-19.

Since 1949, the month of May has been observed as Mental Health Month in the United States and many national organizations such as NAMI, Mental Health America, and other affiliates spotlight Mental Health Month to raise awareness about the importance of mental health and to stop the stigma associated with mental health.

Last year's theme was **#4Mind4Body**, meaning that health is an all-encompassing matter and we must take care of our minds just as much as we take care of our bodies. Mental health is important for our physical health and vice versa. A well-balanced diet, a healthy sleep schedule, exercise, gut health, and hydration all affect our mental health and our physical health equally.

In 2019 Mental Health America is expanding upon last year's theme and taking it to the next level, exploring the topics of animal companionship (including pets and support animals), spirituality, humor, work-life balance, and recreation and social connections as ways to boost mental health and general wellness.

National Mental Health Month raises awareness about mental illness and related issues in the United States. In recent times, attitudes towards mental health issues appear to be changing. Negative attitudes and stigma associated with mental health have reduced and there has been growing acceptance towards mental health issues and support for people with them. To make your outreach during May easier, the National Council developed some materials for use as your own in whatever way you'd like — on social media, on your blog, facebook, etc.
