Suggested Approaches in Determining a Proportional Giving Pledge Amount

· Tithing

10% of your income (salary, pension, other income)—\$2.00 per week for every \$1,000 you receive per year. Therefore: \$10,000 per year is \$20 per week; \$50,000 per year is \$100 per week; \$75,000 is \$150 per week.

· Modern Tithing

5% of your income—\$1.00 per week for every \$1,000 you receive per year. Therefore: \$10,000 is \$10 per week; \$50,000 is \$50 per week; \$75,000 is \$75 per week.

· A Fair Share

Based on recent years averages for pledge figures (minus contributions from endowments, donation boxes, special gifts, etc.) at St. Paul's, the share for each donor would be approximately \$90 per week to continue ministries and programs at the current level with no allowance for growth. Of course, every amount helps, and this is merely a median amount, not an expectation for all.

· National Average

The average pledge in the Episcopal Church is about \$53 per week.
