## 2018 Off-Campus Housing Move-in Dates and Information

### **The Callaway House & The Castilian: Saturday, August 25**

Move-in times are designated by floor. Check-in will take place at the Bob Bullock Museum located just off of campus where residents will receive a move-in packet which includes their keys that give them access to their room, elevators and amenities. Access to the dining hall will be set up by their fingerprint ID at a later date. After residents complete check-in at the Bob Bullock, they will proceed to the property where their items will be unloaded directly from their vehicle by a moving company (USS) and taken to their rooms. Residents are only responsible for unpacking their belongings. July 20 a comprehensive move-in guide was emailed to residents along with their room and roommate assignments. Limited spaces are available for an early move-in of August 18. Please reach out to the property directly for more information.

### **Dobie Twenty21: Friday-Sunday, August 24-26**

Move in times on each day will be assigned by floor, starting with the highest floor and going down. Check-in will be on the Dobie Mall first floor where residents will receive keys and more information. Short term street parking will be available for loading and unloading with additional parking in the Dobie garage across the street. A limited number of dollies are available to assist with moving belongings; residents may want to bring their own to avoid waiting. The leasing office will email residents in August with room assignments, roommate information and more. Early move-ins are limited, subject to approval and only considered for UT Austin related activities. Residents must email [dobietwenty21@trinity-pm.com](mailto:dobietwenty21@trinity-pm.com) as soon as possible with requests. There is an additional \$250 early move-in charge, regardless of the exact date.

### **Hardin House: Sunday, August 19 at 10 a.m.**

Areas around the building will be blocked off for parking and unloading. July 11, residents were emailed move-in details including maps of unloading areas and where to park. ALL residents will check in at the Main House front desk. Volunteers will be available to help move belongings to rooms until 1:00 pm. Residents moving-in closer to 11 a.m. will avoid the initial rush. Residents participating in sorority recruitment should keep all of their recruitment clothes in one suitcase for easy and quick access. There is no early move in available.

### **Scottish Rite Dormitory (SRD): Monday, August 20 at 8 a.m.**

There will be a drop-off area behind the building to unload belongings with staff directing traffic. Once cars have been unloaded, they must be moved. The 27th Street Garage is recommended for proximity; however, parking will not be validated. Residents will check-in in the living room area. Staff will be helping move belongings from drop-off throughout the building. Please consolidate belongings into as few containers as possible for moving ease. Lunch will be served to residents and families. Water stations will be set up throughout the building. Residents will be emailed in early August with more information. Early move-in is not available.

### **University Towers: Thursday, August 23**

At the end of July, residents will be emailed by floor with their specific move-in times and other details. Check in at the front desk area. Look for "FAST PASS Check-in" or "Standard Check-in" signs around the property. In August, residents will be notified which sign to look for. For FAST PASS, residents must pay the move-in fees and first installment of their payment plan by August 1. Early move-in is available starting Thursday, August 16 with a \$300 fee. Requests must be received by August 1.
