

## 😊 YES... THERE WILL BE A GIRLS COLLEGE HOCKEY NIGHT! 😊

Many are wondering how they can be seen by college coaches & scouts if we are not playing games.

On Thursday, November 12th the AHAI Girls Committee will be hosting a webinar that will shed light on what can be done during this pandemic to get your name & skills in front of college coaches, what to expect being a college athlete, nutritional need to know information, importance of injury prevention & rehab, and what else is out there for you in the hockey world.

Follow AHAI's social media platforms & the AHAI website for registration details. Registration for this webinar will be November 1st to November 9th. The webinar link will be sent approximately 2-3 days before the event & to the email address(es) used in your registration. Parents are encouraged to be part of this webinar as well. Players you will be required to add a parent's email address to your registration.
