

Barrington Bucks Girls Hockey

**** Girls Hockey Program ****

Spring 2020 Program – Register NOW!

Introducing the game to young female athletes not yet playing hockey or have very limited experience.

What Barrington Bucks Girls Hockey is All About:

- **Our Mission:** We want your daughter to love hockey and love coming to the rink. We create a positive and motivating environment for our female athletes where they compete at a high level and have a blast while doing it. We work hard in practices with a focus on hockey skills development, team development, and playing the game the right way.
- **Our Plan:** We are forming teams at the 6U, 8U and 10U Girls levels for 2020-2021
- **Our Coaches:** All Barrington Bucks Girls Hockey Coaches are USA Hockey Certified. Several are former college players. We follow the USA Hockey ADM model and support balanced ice-time.
