Greetings!

I am extending a personal invitation to you to participate in the Class 14 "*Inside Education*" series of workshops designed to better acquaint community leaders with public education in Santa Cruz County.

Join us alongside the Santa Cruz County Office of Education (SCCOE), the ten local school districts, Cabrillo College, and other professionals and community leaders for a first-hand, interactive look at the schools in Santa Cruz County. Meet with leaders in the field of education, visit schools and get to know more about the current challenges of educating students. Our program will provide you with an in-depth look at schools from preschool to higher education. Sessions will be devoted to numerous themes, and you will have the unique opportunity to observe and participate in a variety of school programs and events. **Due to COVID-19 restrictions, this series may begin virtually.**

A selection of elective events ***may*** include: Mock Trial, Science Fair, School Attendance Review Board/Truancy, School Performances, Art Shows, Outdoor Science Education Camp, After-school Programs, Student Support Programs, Career/Academic Counseling, Job Shadowing, and the Career Technical Education Partnership's career pathways programs, such as • Agriculture and Natural Resources • Arts, Media and Entertainment • Building and Construction Trades • Hospitality, Tourism, and Recreation, and Health Careers.

By participating in this September through May, once-a-month, half-day series of events, you will be afforded a unique opportunity to learn about the intricacies of public education in Santa Cruz County. The SCCOE and the school districts want to partner with you to ensure strong community communication and collaboration in serving all of our students.

I hope this brief summary of our program has piqued your interest. To learn more or to register, contact Les Forster (lforster@santacruzcoe.org; (831) 246-0988).

Sincerely,

Faris Sabbah
County Superintendent of Schools
