The Southeast Region enjoyed gathering for the monthly Regional Meeting and Drop-In Meeting during the month of May!

In both meetings we talked about all the fun outdoor activities everyone is looking forward to enjoying now that the weather is getting warmer! In our Drop-In Meeting, we had a smaller group where we had casual conversation about advocacy and played jeopardy. In the Regional Meeting, Chairman of the Board, Albert Milnes, shared the details of a letter MASS is signing onto encouraging police officers in the SE region to stop using slang terminology including "tard." We also watched a recording from the MASS Conference about how self-advocacy can change the world. It was a productive meeting!
