

Southeast Interim Region
Coordinator: Valerie Horn
Email: valerie.horn@wearemass.org

Thank you to everyone who attended the September regional meeting. Self-advocates discussed Stop the Shock, expressing how they felt about the devices and how important equality and rights are. They also watched a video of Board members reading the letter appealing to end funding for the Judge Rotenberg center.

We looked at a toolkit created by SARTAC (Self Advocacy Resource And Technical Assistance Center) that was focused on self-advocacy. The group participated in an activity about sharing their values, beliefs and principles. The purpose of the activity was to show a common ground between members and why it is important to work together.

The group had a discussion about going back in person meetings, which they all agreed waiting a few more months until going back in person was the best course of action.

Al took part in a video reading a letter that appealed to stop funding for Judge Rotenberg Center. Thank you, Al!

Cynthia and Al are both assisting with Leadership Summit planning. They are participating in different committees to plan special events during the summit.

Finally, Cynthia gave a wonderful presentation about MASS and the SE in the Human Rights Networking Meeting. Thank you, Cynthia!
