

Southeast Region
Coordinator: Sarah Binney
Email: sarah.binney@wearemass.org

Happy April Southeast! I hope everyone has the opportunity to enjoy the warmer weather and the budding flowers and trees.

This March self-advocate Isadora Greenberg spoke at our regional meeting. She presented about her advocacy efforts with first responders on Cape Cod. She then answered questions from other self-advocates about how to bring that kind of advocacy into their own communities. It was an

amazing session that showed the power of self-advocates and speaking up for yourself!

In April, we want to hear from as many SE self-advocates as possible about what you want us to work on. Please take some time to fill out this regional survey and return it to Sarah at sarah.binney@wearemass.org: Regional Survey. If you need help filling out the survey over the phone, you can call Sarah at 857-360-0183.

Our April regional meeting will be on April 21st from 6-7:30PM. We will be having a big town hall/public forum meeting where we will discuss the results of the surveys and think about what issues we will focus on as a region! It will be a fantastic meeting for new and old members, and we hope to see lots of new faces.
