francis.seme@wearemass.org

The month of May has been a busy month for Self-Advocates in the Metro Region. Self-Advocates have been attending meetings and talking to people to increase our membership.

Self-Advocates Anne Fracht and Kamisha Heriveaux, Self-Advocate Content Expert for MASS together with Francis Seme the Metro Regional coordinator had the opportunity to do a virtual presentation to the school children in a transition program (INVEST) in the Medfield and Millis school system. The students enjoyed the topic Self-Advocacy and how to speak up for yourself.

Self-Advocate Anne Fracht a very devoted member of Metro and a MASS board member, together with Francis Seme, Regional coordinator had a very productive meeting with Maria Melpignano from DDS on April 27, 2021, through this meeting we recruited nine new members who are interested in our group and have started coming to our meetings.
