March was a wonderful month for our Metro Region! One of the highlights of March had to be the 46th Annual Legislative Reception held on March 6th by the Arc of Massachusetts. The reception was held at the State House and nearly 400 self advocates showed up in attendance! It was a wonderful day dedicated to advocating for people with intellectual and developmental disabilities and a great opportunity for self advocates looking to connect with their legislators. Were you in attendance? Here are some of our MASS Staff and Metro Self Advocates who attended!

As we look forward to the month of April, we are reminded that our region has done a phenomenal job supporting one another during these cold and difficult winter months. This time of year isn't easy, but it's great to know that your region has your back! It's always the highlight of the month when we come together during our regional meetings to laugh together, and talk about what issues are most important to us. It's easier to deal with the cold winter rain when we're singing our favorite songs together during our regional meetings, and encouraging each other to keep advocating for what we care about most!

If you need a little sunshine during the rainy month of April, or a shoulder to lean on, check out our regional meeting! All are welcome.
