

Northeast Region
Coordinator: TBD
Email: TBDinfo@wearemass.org

Hello Northeast and Happy March!💐

[Image description: In yellow block letters the word “March” appears in front of a bright blue sky, and healthy yellow flowers in a meadow]

The Northeast Region is still looking for a Regional Coordinator, and being helped out by Jenna DeSpirito the Metro Regional Coordinator in the meantime. As we welcome March, and dream of warmer weather, The Northeast is also hopeful about having a permanent Regional Coordinator.

Throughout the month of February we met as a region over zoom. We also came together to celebrate Palentines Day, and take some time to think about the friendships

we've made while self advocating. If one thing can be said about the Northeast Region, it is that we are all very friendly! It has been so wonderful to welcome aboard some new members to our Northeast Regional Board, and have our family grow.

As the month of March begins, we are all looking forward to seeing what is next for our region. We have an incredibly strong team of Regional Board members who are sure to lead us in the right direction, and make sure we're having fun along the way. As a region we will continue thinking about how to grow, and make some positive progress on the issues that matter to us all.

The Northeast wishes you a March full of sunshine, and laughter!

[Image description: The words, "March into Spring" are included in a green font. The background is of a bright blue sky, and a flower filled meadow]
