Welcome to September, we hope you are staying cool!

Rainbow meetings will be postponed until further notice, because we are going to figure out how to improve it for the future. If you would like to fill out THIS SURVEY to give your opinion on what to do next, it will help us make the Rainbow Support Group even better.

Also, please consider going to our conference happening on Saturday, November 22, 2025. Pauline is planning on hosting one (maybe even two) workshops this year, and we would love to see you there!

More info to come!
