Hello again, Southeast! Happy June Great That The Warmer weather is back. 👍

There was no regional meeting in May, and we needed to unfortunately cancel the in-person meeting we were planning at the [Stoughton Public Library](#). We may still use that location, but we need to plan more for the next meeting we do have in-person. We will let you know when we have updates!

Even though there was no recent regional meeting, I did attend a self-advocacy meeting at Southeastern regional services where they talked about the state and DDS budget and other events in the region. It was a great meeting.

I am also restarting my podcast, and did a fresh audio-only recording with Kamisha Heriveaux. Soon, I will be making a new recording with Sam Paster, and then going forward there will be interviews with all new people.

I was at the west Conference on May 30, 2026 Mass had a presentation about how to advocate for your health. It went really well.

Statewide Drop-in Dates:

June 11th 5:30-7:00 P.M.

June 24th 4:30-6:00 P.M.

Have a Great June Enjoy the Nice Weather 😊

Al Milne
