

ThinkWork is Seeking Stories about Self-Directed – Waiver services

Do you or a family member use self-directed services?

Do you use them to help you find or keep a job in the community?

We want to hear your story! We want to learn about your experience self-directing your employment services and what strategies have worked well.

Would you like to share your story?

Here is how you can share your story:

1. Email, call, or text Jennifer Bose and let her know that you are interested in sharing a story.
Email Jennifer Bose at jennifer.bose@umb.edu
Call Jennifer Bose at (617) 287-4353
2. Next, we will contact you to ask about your story. We will tell you more about the project. You can ask questions, and we will answer your questions.
3. Then, we will interview you.
4. After we talk to you, we will work with you to write your story.
5. Finally, we will publish your story on our website!

Do you want to read stories from other service providers and individuals with disabilities? [Visit our ThinkWork website to read stories about work and community life engagement!](#)
