Hey everyone! Welcome to September!

It may not be as full of holidays as October, November, or December, but September is a very special month for me. Why's that?

September 2nd is my mom's birthday, and I have to give a shoutout to all our mothers because without them not only would we not be around, but we wouldn't be *who* we are.

And speaking of birthdays, my own 30th birthday is September 20th. I feel old, but very proud, especially of how far this community has come in my own lifetime. I

don’t think I’d be the person I am today without my mom, my dad, OR my community. So thank you all so much. Also MASS’s very own Sue Moriarty’s birthday is the same day. In fact, a lot of MASS and MASS related people have their birthdays this month.

We didn’t end up having a regional meeting this last August, but our next meeting in September will be **Wednesday September 17th from 4 - 5:30.**

There’s also the statewide drop in on **September 11th, from 5:30pm to 7pm, and on September 24th from 4:30pm to 6pm.**

Also a heads up that there will be a legislative day at the Massachusetts State House **on Thursday, October 23rd.** More details will come next month!

I hope you all have a wonderful September. Enjoy the cool weather, which I hope comes around soon!
