

Southeast Region

Email: info@wearemass.org

Hey everyone! Happy August, I hope everyone is staying cool and safe. Just to let people know, my birthday is this month! Wish me well and a happy birthday!

We had the ADA 35 march and rally on July 23rd. It was a great success. It was impressive to see so many people at the rally. On July 14th we went to Wrentham for the speak-easy meeting, at the Wrentham Developmental Center. We talked about the ADA and watched a video about the ADA as well. It talked about how the ADA made some strides but there's still a lot to work on. I think it went very well.

The southeast regional meeting will be on Thursday August 7th at 6pm in the Lakeville Public Library meeting room. Hope to see you there!

Hope everyone has a great August and try to get out there while we still have summer!
