

Southeast Region

Email: info@wearemass.org

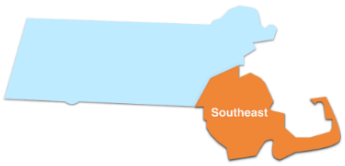

Hey everyone! Hope everyone has had a great month of June so far. We are having our regional meeting in person on June 5th. Below this MASS Flash you will find a flier with further information. We just had a visit to the statehouse this past month in May. We had a great outing. Senator Robyn Kennedy spoke how important it is for MASS to advocate and how the statehouse is our home too! We hope to come back again sometime this year.

I went to the West Conference in Springfield. Sam Muench was the keynote speaker and he did very well, and the event was very good. We are still planning for the speed friending event this month. In July, we'll be celebrating at the ADA's 34th anniversary rally. We'll be at Boston Common, and I hope within the next few months I'll also have my first podcast. Details to come soon. If you have any thoughts or comments, please email me. My email is albert.milne@wearemass.org . Hope everyone has a great start of Summer.

- Al

MASS
