Happy Spring to everyone from all of us here at SAIL! Spring is a wonderful reminder that change is always possible, just like how we all come together at SAIL to work towards making a positive change.

The specific change we are hoping to achieve is creating one unified, accessible transit system for all of Massachusetts. To work towards this, in this month's meeting we created a proposal to send to other coalitions who believe in our cause. Our proposal included things like: who we are as a group, what our beliefs are, what we are looking for in a partner, and what our mission is. We are going to reach out to the coalition T4MA specifically and see if they would like to work with us on our project.

We should all be proud of what we accomplished together during this month's meeting. We truly proved that SAIL is full of dedicated, creative, and hard working individuals. It is going to be incredible to see what we can accomplish together at our next meeting to continue working on our cause of creating a unified, and accessible transit system for all of Massachusetts!

As a reminder, SAIL now meets every other month. There will be no SAIL meeting for the month of April.

Our next meeting will be May 24th from 5:30-7:30 PM over zoom. The information is down below!
