Happy July Southeast! I hope everyone is having a fantastic week! In June, we had to reschedule our outdoor meetup due to weather concerns. We have rescheduled it for **Thursday, July 21st**. It will be at the picnic area of Borderland State Park, and will have games, activities lots of opportunities to get to know other self-advocates in the Southeast! I look forward to seeing you there!

On June 25, some self advocates from the Southeast attended a conference hosted by the West Region Self-Advocacy group in Springfield. There were lots of workshops, speakers, and opportunities to meet self-advocates across the state. Everyone who attended had a great experience!

Hope everyone has a happy July and I hope to see you at Borderland!
