Self-Advocacy Impact Lab (SAIL)

Coordinators: Amber Pettell and Jenna DeSpirito
Emails: apettell@wmtcinfo.org and jenna.despirito@wearemass.org

Happy March from everyone here on the SAIL team!

[Image description: Animated characters Snoopy and Woodstock from Charlie Brown jump into the pot of gold at the end of a rainbow]

As a reminder, from now on SAIL will be meeting every other month. This means our last meeting was in the month of January, and our next meeting will be

this month! At our last meeting we were joined by Erin Hart, Chief Innovation Officer at Spitfire Strategies. Erin helped us brainstorm the next steps for the current campaign we are working on; creating one unified and accessible transit system for all of Massachusetts. Our objective is to build a formal coalition committed to accessible transit. It was a wonderful discussion, and got everyone excited!

Now in this month's meeting, March, we will take direct action towards the next steps of our campaign. We will be working on creating a proposal for T4MA to see if, and how they could possibly help us achieve our goals. Make sure to attend this month's meeting to help us!
