Goodbye September, and Hello October!🍂

Welcome to fall y'all! Can you believe that it's already this wonderful time of year again where the leaves are changing and new beginnings are just starting? Autumn reminds us all of how beautiful change can be as we begin to watch the leaves turn to orange, red, and yellow.

The Metro Region started off Autumn, and September, with a wonderfully silly game of mad-libs. This is a game where everyone in the meeting get's to fill in the blanks without knowing the full story, and in the end it creates a silly story that is hilarious to read! Here's our story from

our September Regional Meeting ↓

Silly, right? I can still hear everyone's laughter from the meeting while we read it out loud together!🤣

If you'd like to be a part of all this fun next time, be sure to join us at our Regional Meeting this October! We will be

meeting over zoom from 6:00pm - 7:30pm. Be sure to stop by and say hello! Your attendance helps our region grow, and leads to more ideas.
