Happy July Metro Region!

Can you believe that the month of July is already here? It's been so much fun to see everything we've been able to accomplish so far this year together! May the month of July bring us more smiles, laughter, and opportunities to self advocate! 🥳✨

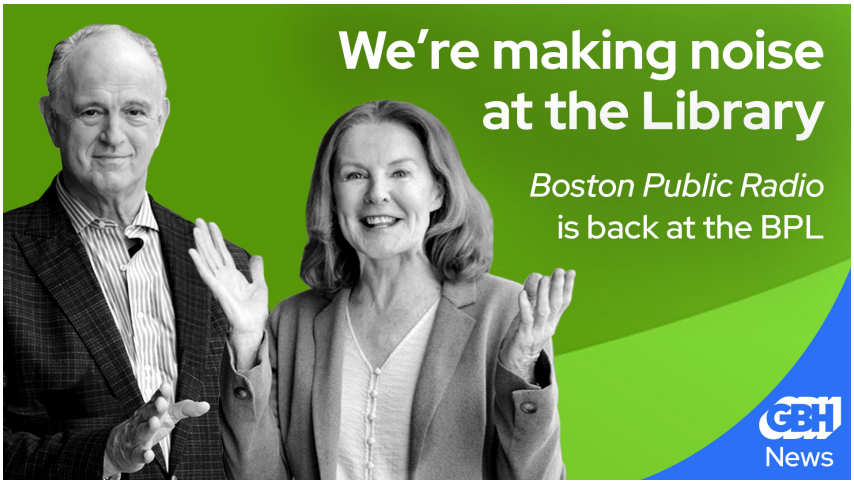

Our highlight for the month of June was definitely being able to come together in person as a region at Beaverbrook Step in Watertown. A special shoutout to

Jessica, Raymond, and Keith from Beaverbrook for their help with the event! Our success with this event has got us looking forward to more in person meetings in the coming months!🤗

Did you enjoy the question and answer session with the DDS Commissioner Jane Ryder at the conference? Do you wish you could talk to the governor next? Well, if you'd like the opportunity to learn more about the governor's thoughts, once a month the Jim and Margery show on WGBH has a similar question and answer session with the governor! The show is recorded live in the Boston Public Library from 11am-2pm and you can either call in, or

attend in person to ask your questions! You can call the number, 877-301-8970 to learn more about it, and how to get your question answered by the governor!

As always Metro, it's a joy to watch what we're able to accomplish together! We're a region full of hard-working, and wonderful people!

❤️🧡💛💚💙💜
