

Metro Region

Coordinator: Jenna DeSpirito
Email: jenna.despirito@wearemass.org

We are going to dedicate our regional update to the loving memory of Marie Hennessy. Sadly, Marie passed away this February, surrounded by her loved ones in the comfort of her own home. Marie was a dedicated self-advocate of the Metro Region for many, many years. She was an incredible trainer, and mentor here at MASS. She was always willing to help anyone who needed it, and always encouraged people to be more confident and independent. Marie was great at making anyone laugh with her amazing sense of humor. She was instrumental in founding the Epilepsy Foundation of New England, and served as the President of the Perkins School for the Blind Alumni Association. We will miss Marie greatly, and always remember her.
