Happy Spring! We had lots of great activities that our self-advocates were involved with in March. The legislative reception hosted by the Arc was on March 9th. There was a large turnout for the great event. Thank you to the legislators and other advocates who have worked hard to support self-advocacy and disability rights. Some members attended Self Advocacy Impact Lab on March 24th where they discussed important topics close to self-advocates' hearts.

We had a lot of great discussions during our March Metro regional meeting. We heard updates from members who are part of other self-advocacy groups. Self-advocate Katherine shared information about a project related to healthcare advocacy that she has been working on with Lifeworks Arc self-advocacy group. Thank you to Katherine and advisor Courtney for sharing.

We hope to be able to host an event outdoors in the summer. Stay tuned!

Our next meeting will be **April 21st, 2022 from 6-7:30.**

We will also have a drop in meeting where we will play a game. The drop in meeting will be on **April 28th, 2022 from 6-7:30.**
