

# BIOTECH PROFESSIONAL DEVELOPMENT WORKSHOP

This hands-on, laboratory-based workshop is specifically designed for high school science teachers.

## Protein is Cash

### An Introduction to Biomanufacturing

**June 27-30**

**8:30am-4:00pm**

**Finger Lakes Community College**  
Biotechnology Labs; Room 3675  
(Seneca Wing, Third Floor)  
3325 Marvin Sands Drive  
Canandaigua, NY 14424

#### FREE Workshop includes:

- Transforming cells with foreign genes
- Maximizing protein production and purification
- Quality control
- Biomanufacturing career pathways
- Tour of a local biotechnology facility
- Continental breakfast and lunch each day
- \$55 stipend each day

#### Presenters:

##### **James Hewlett, MS**

Co-Principle Investigator, NBC2  
Director, Biotechnology and Biomanufacturing  
Finger Lakes Community College

##### **Jessica Halliley, MS**

Technical Specialist Science/Technology,  
Finger Lakes Community College
