Auditions for the Theatre Companies occur in the fall for shows the following spring. Cabaret Companies hold auditions in the fall and winter.

Theatre Companies

Actors develop and perform an original musical. The company votes on a theme, creates original characters, and improvises scenes. Scenes are then scriptedit to become an original one-act musical. Each performance presents two of these musicals in a double bill before a live audience.

Cabaret Companies

Actors agree on a theme for ensemble music and dance performances, and then each actor works with the choreographer and music director to develop solo and small-group music, dance, or drama performances.

Requirements to perform

- Be 18 years of age or older
- Have participated in at least eight weeks of ArtStream classes in the past two years

Reserve your spot on the audition list by calling ArtStream at (301) 565-4567. When there is space in the company, we will invite you to join us for an audition.

Even our nonverbal friends benefit from ArtStream programming, as I’ve heard two young adults speak for the first time during an ArtStream class. My face hurt from smiling!! Thank you, ArtStream.”

Welcome back! Thank you for sharing this moment with us. We are so excited to be back onstage and performing in front of a live audience again! Theatre brings us together in a uniquely magical way. It shows that there really is no substitute for sharing space and energy together.

This year has been a challenge. Our actors and creative team navigated coming back into the rehearsal room in person for this first time in two years – only to be thrust back into Zoom land for all of January. We have gotten used to wearing masks and pushing ourselves to find new ways to express ourselves with our voices and bodies, and we have learned to blur the lines between being in-person and on screen as covid continues to throw us curve balls.

Our show is about technology and the real life need to work together in all formats. It’s about listening, assuming the best in others, and making space for people to be multifaceted and complex. In a world where competition and forming factions is common, we explore what it means to work together and include everyone. How can technology – which so often separates us from each other – also be used to connect us? Can you really have collaboration without inclusion? Teamwork is dream work – but who is allowed to be part of the team? These are some of the big questions our group wanted to explore. We are grateful to be exploring them together in community and sharing our creativity and energy with a live audience again.

Thank you for joining us on this journey as we get in the game!

JOURNEY HOME: A SPACE STORY

Director’s Note

When we started the process of creating this show, I could see immediately how the last few years have influenced these performers as both artists and as people. Themes of self-sacrifice, difficult choices, and community all surfaced as we played with different topics and improvisations. As a director, I was exceedingly grateful that everyone was ready to work in a new way, asking deep questions and exploring complex topics. And at the same time, these performers prepared to face another ArtStream first; doing a show with no musical component. These actors have pushed themselves to play in a new way and I couldn’t be more thankful to be their director. As a team, we hope to effectively ask the question; how to we form bonds and create connection, even when everything around us is different than we have ever known?

So, join us on a journey to the stars. We are grateful to have you on board with us.

I would like to thank the whole team for maneuvering through a year of many challenges, each one of them has owned this journey of creating art in new way with innovation, curiosity, and grace. I would also like to thank Sarah Sandifer for leading all of us with kindness and care. And lastly, I want to thank my husband Adam, who has seen every ArtStream show I’ve been a part of and supported this work during the nearly seven years I’ve been a part of ArtStream.

Madeleine is a co-producer of the podcast “Feminist Fairytales”, an audio drama that reimagines fairytales through an interjectionally feminist lens, which was recently featured on the BBC podcast radio hour. Her upcoming projects include directing Motherhood and Other Fractured Fairytales with Theatre Prometheus, and coordinating accessibility for Monstress with Flying V.
