### **About the Presenter**

#### **Dr. Terry L. Polen**

This 6 hour seminar is being conducted in coordination with WVU-Industrial Extension and the WVDEP with Dr. Terry L. Polen, DM, PE, QEP, Ombudsman from the WVDEP.

Some of the topics Dr. Polen will cover :

#### **Required Permits**

#### **Spill Pollution Control and Countermeasures (SPCC)**

#### **Regulations for Used Oil**

#### **Hazardous and Solid Waste**

#### **Oil & Gas Permitting**

#### **Toxic Release Inventories**

#### **Developing Storm Water Pollution Prevention Plans (SWPPP) & Groundwater Protection Plans (GPP)**

#### **Above Ground Storage Tanks (AST) rules**

### **About the Seminar**

This one day course is designed to inform and guide participants to a better understanding of the required permits by the WVDEP and EPA for West Virginia businesses and manufacturers in air, water, and waste.

Upon completion of this class you should have a clear understanding of the appropriate regulations applicable to your facility, understand the permit process, develop and implement a compliant SWPPP/GPP, SPCC plan, and/or a Spill Prevention Response Plans, (SPRP), in your facility.

If your facility already has a Storm Water Pollution Prevention Plan/Ground Water Protection Plan, or Spill Pollution Control and Countermeasures plan participants will have a clear understanding of the requirements and possible violations when plans are not properly maintained.
