

We're inviting all Web Designers, Graphic Designers, Photo/Videographers (content developers), Social Media Managers and Tech Support Companies to join **Digital Main Street Muskoka!**

### Grow your business by joining Digital Main Street!

The Digital Main Street program offers downtown businesses across Muskoka access to a wide range of companies that want to work with small businesses owners to help them transform their digital presence. If your company offers web services and digital content development, then you may be eligible to become a Digital Main Street Digital Vendor\*.

### To be a Digital Main Street Digital Vendor, your business must:

1. Be an incorporated or registered business.
2. Have premises located in Ontario.
3. Have a professional business website.
4. Have a defined product or service for main street small businesses that is in line with the Digital Main Street audience and mission.

### Becoming a Digital Vendor is easy:

1. Register your digital business at <https://digitalmainstreet.ca/vendor-account/registration>
2. Provide your business information.
3. Provide details on the products and services that you offer.
4. Upload your company's logo.
5. Accurately tag your business and services so it can be found within the Digital Main Street directory.

For any questions or concerns, please contact your local **Muskoka Digital Main Street Service Squad (DSS)** at [digitalmainstreet@wellknowncompany.com](mailto:digitalmainstreet@wellknowncompany.com)

\*Note: Digital Main Street reserves the right to determine eligibility and to grant approval. Failure to accurately tag your business and/or products and services could result in disqualification or removal from the vendor directory.
