

## Strengthening Stewardship Networks -Lake Simcoe Watershed

FOCA has been involved on the steering committee of a "**Simcoe Social Network Analysis**" which recently included a survey of almost 50 agricultural and environmental stewardship organizations in the Lake Simcoe watershed. The response (83%) was impressive and the information that was gathered about key attributes and relationships represents a rich data set.

Survey respondents and others interested in the results are invited to attend a presentation, discussion and workshop, to learn about how local organizations are connected to others in the basin, and how we can work together to improve water quality in Lake Simcoe.

Date: **Wednesday, May 2, 2018**

Location: Multi-Purpose Room, 2nd Floor, Bradford West Gwillimbury (BWG) Leisure Centre, 471 West Park Ave, Bradford

11:00am - 12:00pm public presentation

12:00pm - 1:00pm light lunch

1:00pm - 3:00pm 'deeper dive' (*survey respondents only*)

The public session and lunch are free but registration is required.

Please RSVP to [rsvp@sustainabilitynetwork.ca](mailto:rsvp@sustainabilitynetwork.ca), indicating:

- if you will attend the public presentation and lunch or,
- if you represent a survey respondent, would you also like to participate in the focused conversation that afternoon.

Note: there will be a related webinar as well, and a new project web site coming in the next 2-3 months.
