YOUR LOCAL SO CAL CONNECTION
FOR DUSTY STRINGS INSTRUMENTS,
LOCALLY-OWNED USED HARPS AND STRINGS

RENTALS MONTH BY MONTH

HARP IN LA's rental pool consists of Lyon & Healy Ogden full lever harps (34 strings), Dusty Strings Ravenna (34 strings) full lever harps & 2 Lyon & Healy Troubadour III full lever harp (33) available for rent month-by-month. The following conditions apply:

Rentor must take lessons with a harp teacher in Southern California during the period of renting; They may rent as long as they like, as long as they are taking lessons on a regular basis.

Monthly payments are made payable to HARP IN LA by check, or a bank's ZELLE app. or bank auto-pay. Payment via credit card is available with monthly payment higher to include administrative fees.

Our rental agreement requires current credit card information and a \$200.00 security deposit paid by check, which is refunded after the harp has been returned to HILA in the same condition as when the harp was originally rented out. The signed contract also requires the name of a harp teacher, a driver's license (or i.d.) as well as the name & phone number of a friend or relative not living with the rentor. For more information, we are able to send a copy of the contract in advance for review.

Rentals are always in demand; we continuously stock our rental pool, yet sometimes there may be a wait. Waits are normally not too long and we will contact you as soon as a rental becomes available. When rentals become available they are on a first come, first served basis - no holds. But ask, we'll try to work within your needs.

The Rentor is responsible to tune the harp regularly, practice, purchase and replace any strings which break during the rental period. There are tuner apps for Androids and iPhones available online, or electronic tuners for purchase from a local music store or from Sylvia Woods Harp Center. You may purchase replacement strings directly from HARP IN LA.

HILA hopes you will enjoy learning to play this wonderful instrument.
If you have any questions, please connect with us. Enjoy playing the harp!
