

2019 FAMA/FEMSA GAC Employment Survey
(Reduced)

Thank you for participating in our survey. As reminder, the purpose of this survey is to capture company demographic data, including employee counts and business locations, which will be used to update the map that illustrates the size and distribution of our industry across the US and Canada. The map we create with this information is one of the most informative and forceful handouts to Congressional offices during Hill Day and throughout the year. In one visual, it powerfully illustrates the broad scope of our industry and its total contribution to jobs within each state/province and the economy. It will be extremely important to provide this updated map to the new 116th Congress during 2019 Hill Day as new Congressional members and leadership take the helm.

* 1. What is your company name?

* 2. Person completing this form:

* 3. What is your email address?
