Optional Activities Descriptions & Information

Nature Club

(Available to K - 4th Grade Students)

Held in the Outdoor Areas at Tobin Afterschool & 2 Off-site Field Trip Locations – Led by Kate O'Rourke & Matt Coughlin of Tobin Afterschool

Inviting all nature lovers! In Nature Club, we will be exploring the ways we can observe wildlife and create habitat right in our own backyards. Our fun project will range from gardening, nature-themed artwork, and learning to build bird houses. We will also be embarking on two off-site excursions to local wildlife habitats right here in our area! We will take the opportunity to hike, identify plants and animals, and discuss ways in which we can improve our environment. We are looking forward to enjoying the outdoors and hope you will join us!

Tuesdays: May 7th – June 4th (5-week session)
