

Beading Activity

HORSE!

Instructions

1. Gather your materials.
2. Cut out the beading pattern square along the dotted lines. Cut the same square out of beading foundation. Tip: to match the example make sure square is 3 inches.
3. Sew the pattern to the foundation by using a simple running stitch or staple them together.
4. Start beading the outline of the shape of the horse using DARK BROWN beads. Add the WHITE beads for the nose and ankles, and BEIGE for the mane and tail, and BLACK for hooves.
5. [Optional] Bead the flowers with your choice of beads.
6. Bead the rest of the horse with LIGHT BROWN.
7. Add a BLACK bead for the eye.
8. Carefully pull the paper away from your beading and cut around your beading, making sure not to snip any stitches!
9. Trace your finished piece onto your backing and cut it out.
10. Decide if you'd like to add edging for a polished look or simply stitch the backing on.
11. Attach hardware of your choice: brooch pin, keychain loop, or earring loop!

Materials List

- Beading foundation (Pellon or stiff felt)
- Beads (Base colours: Dark Brown, White, Beige, Black, Light Brown, optional colours for flower details)
- Beading thread and wax
- 1-2 Beading needles
- Backing (felt or faux leather)
