# Tinker Bell

## Director's Note

### My Dear Fairies and Pirates,

I just had to fly over and express my heartfelt gratitude to the entire cast and crew for creating such a magical production of "Tinker Bell" here at CSD. Our talented students have come together to weave a colorful and vibrant fantasy that's sure to leave you in awe!

I just can't believe how much passion, hard work, and dedication went into this production! Our students used American Sign Language to bring this show to life on stage, and it's truly a showcase of their creative and effective use of ASL. It's a reflection of how important ASL is to our community and education here at CSD.

But the most important thing is that the story we've created together is an escape back to childhood for our audience, no matter how old you are. So please, join us and lose yourself in this fantastical world full of magic, adventure, and wonder! I encourage all my fairy and pirate friends in the audience today to be a part of our show and cherish this moment for years to come.

Once again, congratulations to the entire cast and crew of "Tinker Bell". Thank you for putting your hearts and souls into this production and making it such a fairy-tastic success!

Pixie Dust!

**Merritt A. Holloway**  
Director

## The Production
