

February 10, 2020

Dear Parents:

Beginning February 24th, through Friday, March 6th (March 9-12th will be make up days for absentees), the students in grades K through eight will be testing with the Terranova-Complete Battery achievement tests. This is a comprehensive testing program for students designed to measure to what extent a student has learned, understood, and is able to apply important concepts and skills. In addition, the test can provide valuable feedback to teachers, parents, students, and schools about student progress from grade to grade.

Please see that your child arrives to school on time, eats breakfast and gets a good night's sleep. Testing will begin at 8:15 am daily (except for Mass days when they will start at 9 am). Testing will take place between 8:15 am-11:00 am daily (9 am to 11:00 am on Mass days). Once a test has begun, a student may not enter the testing area until the test in session is complete. Please try to avoid appointments during the morning hours of these dates. We will make every effort possible to make up tests for students who must be absent due to illness or extenuating circumstances. Thank you for the continued support.

Yours In Christ,

Rita M. Klenk
