Re: Armando Rojas Rugerio
A-072486981

Dear Honorable Sirs:

We are writing on behalf of our community member, Armando Rojas Rugerio, whose viable application for asylum was recently denied.

Mr. Rojas has lived in the area for the past two decades and his absence is keenly felt by this community as well as his devoted family. He has lived in the United States for more than 30 years, was deported without any notice to his family— in spite of stay of deportation signed by a Judge.

Upon return to his sister's village, Mr. Rojas was immediately identified as a target and was threatened on several occasions, causing credible fear as two family member had been murdered prior to his return. Two months later, members of the community walked Mr. Rojas through the border entry point at Otay Mesa and he was sent to the Albany County Correctional Facility where he has been incarcerated for the past five months.

The undersigned are aware of Armando's unfailing work ethic and his winning ways that have been an inspiration to all who know him. His absence has spurred the community on to action which has secured the financial support of his family during his detention.

We are respectfully requesting that Armando's application for asylum on the basis of credible fear, (his Asylum Officer found him to be credible and have a legitimate fear if he should be deported), be reconsidered thereby making him eligible for parole and ultimately returned to the family and community who cares for him deeply.

Thank you,
