Terri has had many close connections with super stars of Broadway; and has many stories to tell about their careers and lives in her presentation, "Broadway Ladies Who Made Broadway Great". Her talk will include Fanny Brice, Mary Martin and Julie Andrews.

Marion has a nickname "Arranger of the Stars". He has written musical arrangements for many famous musicians such as Tony Bennett, who is a close personal friend, and Lady Gaga.

Other singers for which Marion wrote arrangements are Carol King, Steve Lawrence and Eydie Gorme, which brought him Grammys, and Doc Severenson of the Tonight Show! Terri was on the Tonight show a few times too!

Marion has many anecdotes to tell about many of the famous Broadway and Other entertainers he has personally known over the years. Marion will also explain to us some of the important steps in producing commercial musical recordings for movies and CDs.

The Evans' are residents of Newtown PA, living "right around the corner" from Shir Ami.
