## Exciting News:

# PRMSDC Opens Nomination Process for the 2024 Supplier of the Year Award

Dear MBE Owner,

The Council is currently accepting nominations from its Local, National, and Multinational Corporate Members for this prestigious award. The award recognizes certified minority business enterprises for their growth and development, operational success, fellow business owners' support, and community participation. For over 40 years, PRMSDC has acknowledged numerous local businesses that excel in the Corporate America supply chain, providing a distinctive platform to distinguish themselves as local and nationally prime vendors.

Each year, a pool of 16,000 certified suppliers from NMSDC's 23 affiliate networks is considered for this award, honoring minority companies that consistently offer valuable solutions to Corporate Members and contribute to the sustainable growth of our diverse business community.

The Supplier of the Year award winners are selected by industry and from each of our MBE sales categories. Local winners announced by PRMSDC in the early second quarter of the year compete for the Regional Supplier of the Year title, which includes the Carolinas-Virginia, Georgia, TriState, Southern Region, Florida State, and Puerto Rico Councils. Regional awardees also compete for national recognition, with awards presented during the NMSDC National Conference, slated to be held this year in Atlanta, GA.

I strongly encourage nominated MBEs to submit comprehensive profiles, recognizing and appreciating the commitment and enthusiasm shown by Puerto Rico's Corporate teams in nominating local companies. When you receive a nomination, it signifies countless hours, meetings, reports, and efforts invested to select the most deserving candidates!

I wish you all the best!

## About the PRMSDC

PRMSDC is a 501(c) (3) non-profit organization affiliated to the National Minority Supplier Development Council (NMSDC), a leading organization that advances business opportunities for certified minority business enterprises and connects them to corporate members.
