

Be the Leader of Your Domestic Church

February 8th is World Marriage Day. How does your parish celebrate this day? At Sacred Heart in Hebron, we have honored married couples in many ways. One of my favorite memories was when couples gathered at the parish hall and shared a unique story that happened on their wedding day. The experience was heartwarming and comical as each couple shared their account. Other years we have given out a "Family Prayer" card and most years we have combined a simple activity after sharing a breakfast together. We usually try to get a picture of everyone that participated. The collection of photos, over the years, has been priceless!

What will your parish do for World Marriage Day? I would love to hear how your parish celebrates World Marriage Day! You can share your activity by emailing me at ldccwleadership@gmail.com

If you have not sent in your Remittance Form for 2025-26 please do so ASAP.

I hope you will consider attending the LDCCW Winter Symposium in Waverly on January 30-31. This is a great time to unwind and to spend time with Jesus in a serene environment. This retreat is shared with other very special women in our diocese.

Joy to the world, the Lord is come!
