

## New Sermon Series!

### **Our new sermon series from the book of Judges:**

Beauty is in the eye of the beholder but is “right living” also in the eye of the beholder? Society at large says, “Yes!” What happens when God’s people agree; when expression of faith in Jesus Christ becomes a matter of doing what is “right in our own eyes”? The book of Judges reveals what happens: distortion, disintegration, and destruction both personally and communally.

So where do we turn when we realize that other than some of the language we use (grace, repentance, salvation) and how we occupy our Sunday mornings (and maybe Wednesday evenings) aren’t that different than the world around us? Where do we, God’s people, turn for help?

**Yes,** Jesus is the answer. But how do we *experience him* as our answer?
