

SUMMER IMPACT

Spreading Christ's love in our community

This summer, we are so excited to present EPC Kids families the opportunity to be Christ's hands and feet to the local community. Every other week, we will have a service project ready to create at the church. Each family will be able to gather around a table together with all the supplies needed, as well as instructions, to complete the service project. The only thing missing is --- YOU!

If your family isn't ready to gather at the church for these socially distanced service projects, feel free to contact the church office and arrange a time to pick up the supplies needed to complete the project at home!

Check out the service projects your family can be a part of:
