

Soften cream cheese and cheddar cheese. Cream the cream cheese and add in the shredded cheddar. Stir and "cream" until both cheeses are thoroughly mixed together. Then, pop this mixture into a piece of plastic wrap and form it into a ball. At this point it goes into the refrigerator for a few hours to firm it up.

Take it out of the fridge and roll in chopped nuts being careful to keep the nice round shape.

Place pretzels as in picture to make the nice full tail of the turkey. A bit of chocolate melt to glue the round chocolate candy to about a 4 or 5 inch piece of Slim Jim. Placed it in the freezer in order to harden it up faster. Glue on the eyes and "beak" candy corn and placed in the freezer for a few minutes. After inserting the "neck" Slim Jim into the cheese ball, place the entire thing on a plate and into the refrigerator for overnight.
