

# 6<sup>th</sup> Civil Engineer Squadron

**Mr. Robert (Todd) Wynn**  
**Director/Base Civil Engineer**

***Prepared, Professional, Responsive -- Building the Future!***

# Overview

- 
- **THE 6 CES TEAM**
  - **6 CES PORTFOLIO**
  - **FY20/21 FSRM and MILCON**
  - **Other Initiatives and Challenges**

# Mission

---

**Provides explosive ordnance disposal, emergency management and air base operability, environmental quality, fire emergency services, and housing support for 6 AMW, USCENTCOM, USSOCOM, JCSE, SOCCENT, MARCENT and 28 other mission partners with a base population of 19,000. Plans, programs, designs, constructs, operates, and maintains 672 base facilities, totaling over 5 million square feet, on a 5,700-acre installation valued at over \$2.5B.**

# Vision

**Operate as a world class organization by being the most efficient and effective AF Civil Engineer Squadron demonstrated through home station support and preparing readily deployable Airmen**

# History

- Nov 1999 – Squadron Undergoes Direct Conversion
- Jun 2007 – Converted CC to Civilian Director
- Nov 2007 – Award Housing Privatization Project
- Jul 2010 – Start of New Contract with Akima/IAP
- Mar 2011 – Privatized Water & Wastewater Infrastructure Systems
- Sep 2012 – Privatized Natural Gas Infrastructure
- Apr 2015 – AFAA Conducted Oversight Audit
- Sep 2015 – Began 6 CES Internal Restructuring
- Jun 2019 – Restructuring Complete

# Current

---

## ■ **Complex Business Relationships:**

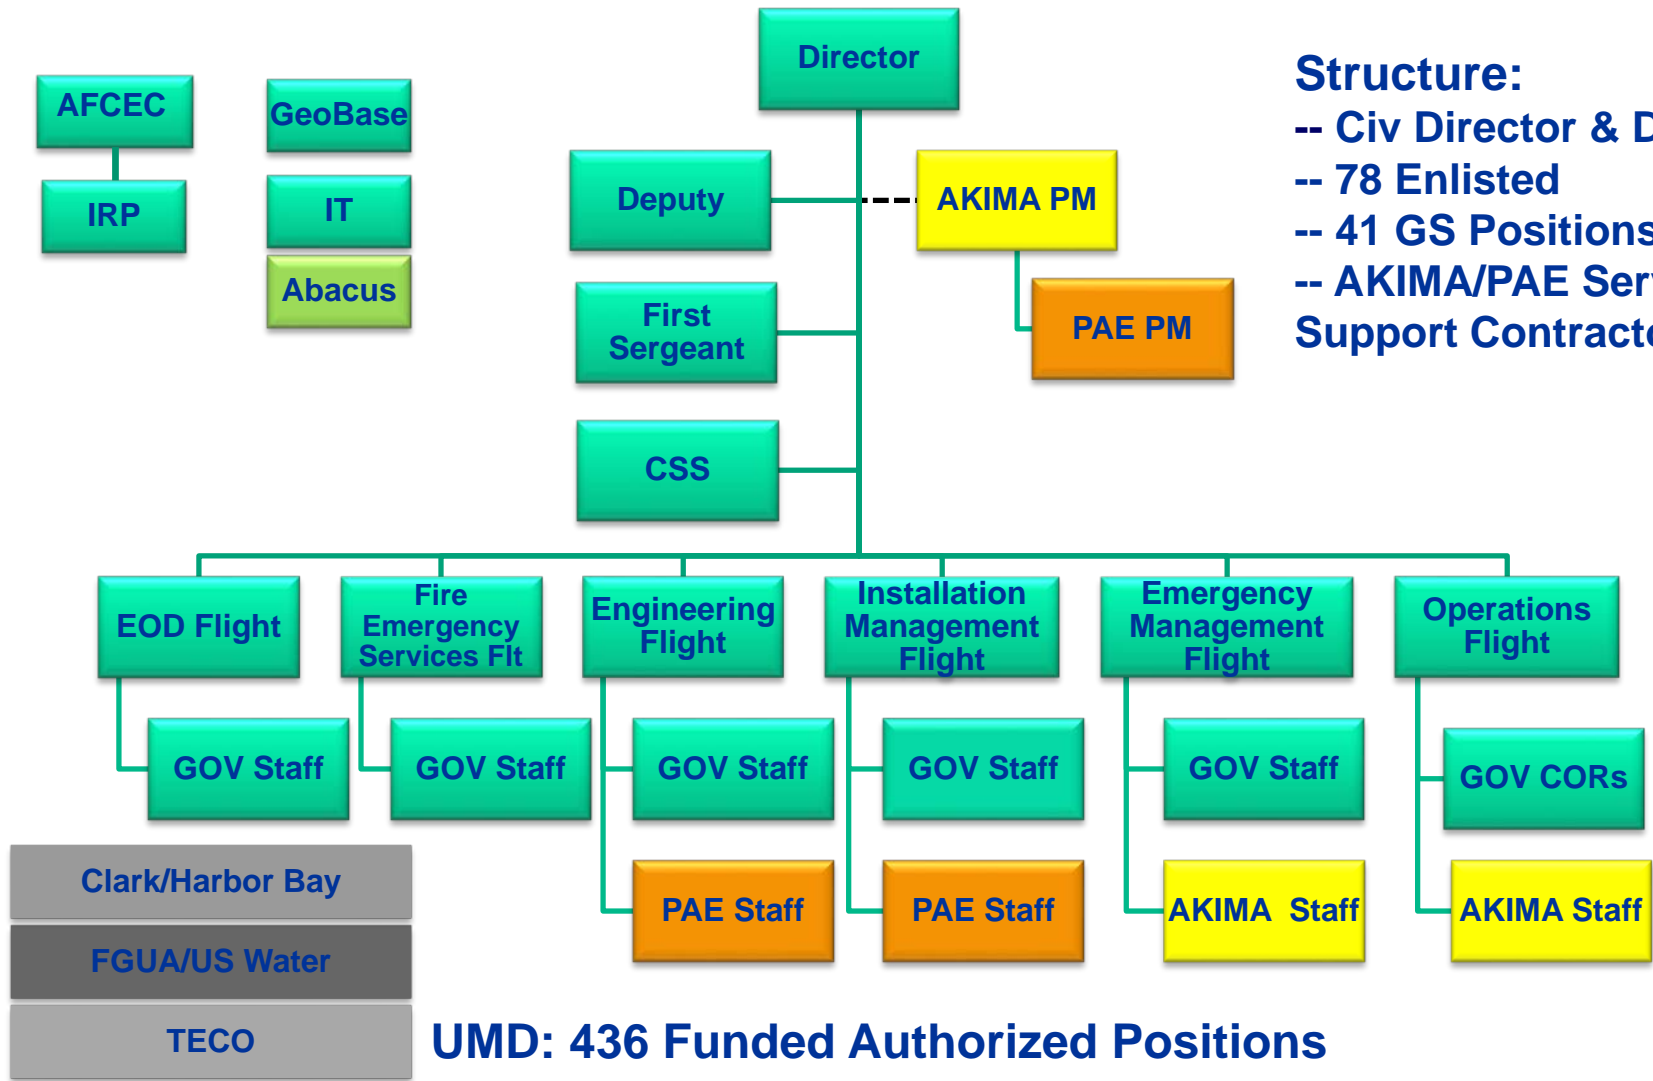

- **AKIMA/PAE – Civil Engineer Services Support Contract**
- **CBRE – Energy Consulting Services**
- **Hydrogeologic, Inc (HGL) – Contract for ERA site cleanup**
- **Clark/Harbor Bay – Housing Privatization Partners/Property Mgrs**
- **ENSYNC Diversified Management – Entomology Services**
- **FGUA/US Water – Water/Wastewater System Owner/Operator**
- **MACC/MATOC – 5 Total Contractors; increasing w/new MACC**
- **PenBay/Photoscience – IT Services Support in CE**
- **TECO Peoples Gas – Natural Gas System Owner/Operator**

## ■ **Typical CE Contracts – Big 3**

- **SC Jones – Grounds Maintenance Contractor**
  - **GCE (Gulf Coast Enterprises) – Custodial**
  - **Six Nation – Refuse and Recycling**
-

# Current Org Chart

**Structure:**

- Civ Director & Deputy
- 78 Enlisted
- 41 GS Positions
- AKIMA/PAE Service Support Contractors

**UMD: 436 Funded Authorized Positions**

Flood Plain

*Prepared, Professional, Responsive -- Building the Future!*

# Overview

- THE 6 CES TEAM
- 6 CES PORTFOLIO
- **FY20/21 FSRM and MILCON**
- Other Initiatives and Challenges

# Design/Construction Execution

- **\$25M in In-House Annual Design Capacity and Prepare Projects as Either Design/Build or Design/Bid/Build**
- **Majority of Program Executed Through 6 CONS by our MACC and MATOC Design/Build Contractors**
  - **MATOC is used for smaller projects < \$1M**
  - **MACC used for larger, more complicated projects**
  - **In the process of awarding a new MACC; ECD: late Jun 20**
- **Corps of Engineers is construction agent for MILCON**

# FY21-25 BCAMP Guidance

- **Projects competing for Centralized (BCAMP/AFCAMP) funding must be:**
  - **> \$2M (Sustainment repair)**
  - **> \$1M (Restoration & Modernization)**
- **Projects below this threshold compete for Decentralized funding**
- **Decentralized funding amount based on formula**
  - **%FSM (Facility Sustainment Model) (60% Variable)**
  - **SMS Data Currency & Completeness (10% Variable)**
  - **Prior Yr Obligation Rates (30% Variable)**

# FY20 CENTRALIZED FSRM PROJECTS

Project #	Project Title	PA (\$K)	Program	Status
19-0006	Repair Roofs, MFAC	>\$1M	FY20	Awarded
17-00743	Repair HVAC Chapel B355	>\$1M	FY20	Awarded
14-0138	Repair HVAC PAX Term, B90	>\$1M	FY20	Awarded
17-0089	RPR Grounding Points Approach Pier B1603	<\$0.5M	FY19 Retained	Awarded
11-0204	Convert B378 Back to Dorm	>\$5M	FY19 Retained	Awarded
13-0040	Repair HVAC DUC B71	>\$1M	FY20	Designed
16-0123	Rpr HVAC & Renovate COMM Fac B262	\$0.5 - \$1M	FY19 Retained	Bid
17-0034	Repair Taxiway Kilo & Lima	>\$1M	FY20	Designed
18-0058	Convert H5 to KC135 Fuel Cell Maint Hgr	>\$5M	FY20	Designed

# FY20 DECENTRALIZED FSRM PROJECTS

Project #	Project Title	PA (\$K)	Status
16-0003	Maintain Airfield Markings	>\$1M	Awarded
18-0084	Maintain Paint MFAC	<\$0.5M	Awarded
19-0034	Repair Base Pavements & Parking Lots	>\$1M	Awarded
19-0103	Repair PDS between B501 (SOCOM) and B570 (CENTCOM)	<\$0.5M	Bid
19-0090	Replace HVAC Chiller, Control Tower	<\$1M	Awtg Bid
19-0042	Replace HVAC Chiller, Hangar 4	<\$1M	At CONS
19-0104	Repair HVAC System Bldg 926	>\$1M	At CONS
17-0095	Repair Taxiway Signage	>\$1M	At CONS

# POTENTIAL FY20 MISSION PARTNER-FUNDED PROJECTS

Project #	Project Title	PA (\$K)	Status
16-0112	Replace HVAC Bldg 530	<\$0.5M	Bid
17-0007	Renovate MFRC, Bldg 38	<\$1M	At CONS
19-0076	Repair CENTCOM Utility Plant Chiller	<\$0.5M	Designed
19-0094	Replace Roof Bldg 1047	<\$0.5M	Designed
20-0007	Repair HVAC DFAC, Bldg 263	<\$0.5M	Designed
20-0001	Repar CDC HVAC, Bldg 381	>\$1M	Designed

# FY21 CENTRALIZED FSRM PROJECTS

Project #	Project Title	PA (\$K)	Program
16-0145	Upgrade Lighting MFAC	>\$1M	Savings
18-0061	Demo Boat Maintenance Yard B665	<\$0.5M	Demo
18-0062	Demo Old DRMO Warehouse B1110	<\$0.5M	Demo
19-0028	Demo Former Dorm B372	<\$0.5M	Demo
19-0029	Demo Former VQ B390	<\$0.5M	Demo
17-0024	Reconstruct North Apron Sections	>\$1M	UPL

# Ongoing MILCON Projects

- **Army Reserve Beddown – 200-member Army Reserve Center and Aviation Support Facility for 8 UH-60 and 15 HH-60 Blackhawk helicopters**

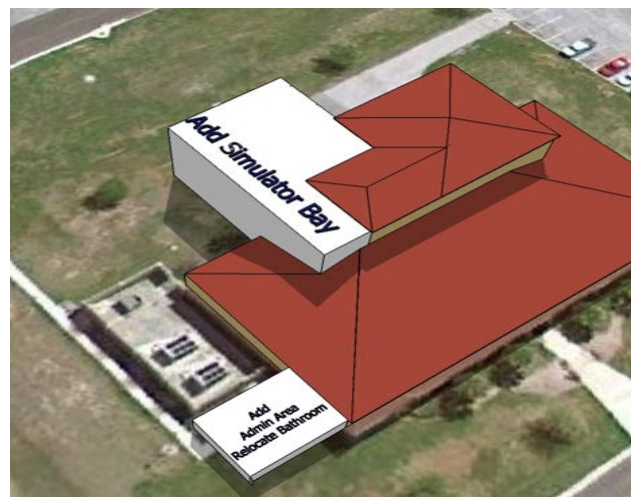

# Ongoing MILCON Projects

- **New OG/MXG HQ - 14,548 SF facility including offices, administration and ancillary space**

- **Flight Simulator Addition - 4,946 SF addition and reconfigure interior space for an additional flight simulator bay**

# Future UMMC/DLA/MILCON Projects

- **FY21-23 Potential UMMC - ADAL B1066 for Pass & ID - Adds 3,900 SF to & alters 4,300 SF to create a properly configured & adequately sized Pass & ID facility (>\$1M)**
- **FY24 - Add/Alter Fuel Hydrant System – Adds 894 linear meters of pipe and 3 fuel hydrant pits (>\$5M)**
- **FY25+ - Replace Fire Station 2 – Current station built in 1941; corrects safety hazards and meet response times (>\$10M)**
- **FY27+ - COCOM Essential Power Upgrade - Project will provide a new feeder to augment electrical distribution network and enable continued operations after power outage (>\$10M)**

# Future MILCON Projects

- **FY29+ - SOCCENT Operational Facility - Constructs a 25K SF facility to correct existing space shortfalls, move staff out of off-base leases and on-base temp buildings, and meet needs of SOCCENT auth/funded staff growth**
- **FY29+ - USSOCOM Global Messaging Facility - New SecDef Directed Mission; constructs 100K SF facility to house up to 600 additional personnel**
- **FY29+ - USCENTCOM Operational Facility - Constructs 247SF facility and moves ~600 personnel currently in temporary facilities into permanent**

# Overview

- 
- THE 6 CES TEAM
  - 6 CES PORTFOLIO
  - FY20/21 FSRM and MILCON
  - **Other Initiatives and Challenges**

# RESILIENCY INITIATIVES

- **Energy Resilience and Conservation Investment Program (ERCIP)**
  - FY20 – potential EMCS Project
  - FY21 – potential funding to move remaining overhead electrical distribution underground
  - FY23 – Energy Resilience: Transmission and Switching Stations (potential for FY22)
- **Energy Assurance Lease**
  - Partnership with TECO--working thru SAF OEA and AFCEC/CI
  - Natural gas electric generation system and battery energy storage system owned, operated, and maintained by TECO and installed on MAFB
- **Pursuing UESC opportunities**

# COMMUNITY PLANNING INITIATIVES

---

- **Working with Office of Economic Adjustment for a Compatible Use Plan (CUP)**
- **CUP will supplement the 2006 Joint Land Use Study (JLUS) by addressing resilience and adaptation, with a focus on how a changing climate has/will continue to impact MAFB**
  - **Incompatible development and climate vulnerability has been a concern of Wing Leadership since the last JLUS in 2006**
  - **Will assist City of Tampa in developing policies and strategies regarding development in this area**

# COVID-19 Impacts

- EOC operational since March
- No additional funding from CARES Act yet
- Construction projects have continued as planned
- Platooning staff using a Bucs/Bolts schedule
- Teleworking is working better than anticipated
- Had to get creative with custodial contract
- Adjusting plans for Hurricane Response

# Summary

- **Dedicated Total Force Team that works together to meet mission needs**
- **Serve a broad portfolio supporting two Wings, USCENTCOM, USSOCOM, SOCCENT, MARCENT, JCSE and 28 other Mission Partners**
- **Currently working FY20/21 FSRM Program and current/future MILCON Program--funds are tight**
- **Looking at innovative ways to improve base resilience**
- **COVID-19 has impacted 6 CES...mission continues**

**Questions?**
