WELCOME BACK to wonderful Frankenmuth, Michigan, as we “**Play it Again**” along the banks of the Cass River. Once more, the Bavarian Inn Lodge and the City of Frankenmuth Parks and Recreation Department welcomes the Newfoundland Club of America back with open arms as we celebrate all the best of our wonderful breed at the Newfoundland Club of America’s 2023 National Specialty. The show committee has been working tirelessly to coordinate a week of activities yet allow for time to connect with friends from near and far.

The week starts-off Monday, May 1, 2023, with NCA Draft Test #1 hosted by the South Central Newfoundland Club. **As in 2019 & 2022, the Harvey Kern Pavilion will not be available for move-in until Monday evening, May 1st.** Tuesday brings Draft Test #2, again hosted by the South Central Newfoundland Club; the Regional AKC Obedience and Rally Trials, hosted by the Heart of America Newfoundland Club; the popular 4-to-6 month Beginner Puppy; Pee-Wee Handling for children 5 to 9 years of age; and the Opening Ceremonies Parade. The Welcome Reception, in part, offered, in-part, by the Newfoundland Club of America Charitable Trust, and the NCA Annual Meeting close out Tuesday’s festivities. Wednesday’s schedule includes the National Obedience and Rally Trials, Puppy and Veteran Sweepstakes judging, Honors and Rescue Parades, Living Legends and to enter Specialty Cart and Wagon Exercises. Rounding out Wednesday evening, fanciers get to choose between attending The NCA Health & Longevity Committee’s educational event presented by Sharon Gwaltney-Brant, DVM about **Poisons and Your Pet**. Thursday brings the conformation Dog judging, Brace, Team and Maturity classes, and Top Twenty/Ten Competition/Exhibition. On Friday, watch the conformation Bitch judging, followed by the ever fun and competitive Fine Arts Auction/Banquet in the evening. Saturday’s Best of Breed and Junior Showmanship judging - featuring awards for Reserve Best Junior and Best Bred-By Exhibitor and NOHS BOB award - close out a week of fun, friendship and learning.

The activities and events of the 2023 NCA National Specialty would not be possible without the members of the NCA and all who volunteer their time and talents to host events throughout the week. We hope you enjoy the variety of activities we have planned and enjoy the quiet moments with good friends and their Newfs.

LOCATION . . . Frankenmuth is located in the “thumb” area of Michigan, just a few minutes off I-75 between Flint and Saginaw. Northbound traffic on I-75, use exit 136; southbound traffic on I-75, use exit 144. Directions to the Lodge from anywhere in the United States are located at www.bavarianinn.com.

THE SHOW SITE . . . Our host hotel for the week’s festivities is the picturesque Bavarian Inn Lodge nestled on the banks of the Cass River, adjacent to Heritage Park and the spacious Kern Pavilion. The Bavarian Inn Lodge features many rooms and suites, a seven- acre Family Fun Center (with five indoor pools, two whirlpools, children’s play area, mini golf, game room, exercise room, and Ratskeller Lounge), Oma’s Restaurant, and Lorelei Lounge. A short scenic walk over the covered bridge leads to Main Street, which is home to over 100 specialty shops and other well-known restaurants. The show rings, grooming, and vendors will be in Heritage Park, the location of the Kern Pavilion, just across a bike path from the hotel. The distance from the Tower Entrance of the hotel (where all dogs must access the hotel) to the show ring in Heritage Park is just slightly over .2 a mile. You can see an aerial view of the hotel and show grounds on the NCA Specialty website.

The Kern Pavilion affords the Newfoundland Specialty show flexibility in dealing with the potential weather challenges that an early May dog show presents. However, it is important that all fanciers work together, in the spirit of good sportsmanship, to make the logistics of this show site work. Michigan’s climate this time of year can be somewhat unpredictable so come prepared for all kinds of weather. The average high temperature for the week of the 2023 National Specialty is typically 65 degrees and the average low temperature is typically 40 degrees.

AIR TRAVEL & AIRPORT TRANSPORTATION . . . Nearby airports are Bishop (in Flint, MI) and Midland-Bay City-Saginaw (MBS – in Freeland, MI); each of which are located approximately 35 minutes from Frankenmuth. Detroit Western Metropolitan Airport (in Romulus, MI) is approximately 2 hours away, and is a Delta Airlines Hub. Exhibitors are encouraged to coordinate their airport arrival and departure times with other attendees so as to share travel arrangements from the airport to the show site. At the time of publication, Flint Bishop Airport is presently served by American, United and Allegiant Airlines, MBS is served by car service will again be available to/from the local and Detroit airports, but other arrangements may be necessary to transport dogs.

Call **Hey! Taxi/SMH Limousine (810) 629-7080** to make human transport arrangements.

ACCOMODATIONS

BE A CONSIDERATE GUEST . . . In 2001, the Newfoundland National Specialty was the first dog show ever held at the Bavarian Inn Lodge/Heritage Park location. In fact, until that time, animals were not permitted in the hotel. The hotel managers took a chance when they permitted the NCA to hold our Specialty there, and we did not disappoint them. Because our guests took good care of the facilities, the NCA's positive reputation paved the way for future dog shows of other breed clubs. Please do your part to uphold our reputation as considerate guests. Exercise your dogs in designated areas only and use the plastic bags and trash receptacles provided to facilitate clean up. We need everyone's help in keeping the hotel rooms and show grounds, including grooming areas, clean. **The Newfoundland Club of America and the Bavarian Inn Lodge reserve the right to enter locked hotel rooms if it believes a dog inside is in distress or left unattended and unsecured.**

HOST HOTEL ROOM RESERVATIONS . . . We have reserved an allotment of hotel rooms at the Bavarian Inn Lodge and three other hotel properties IN FRANKENMUTH, however reservations **must be mailed** and may not be postmarked prior to **January 10, 2023** to ensure a **first come, first served policy on rooms**. **Reservations by phone, fax or other electronic means will not be accepted by the hotel.** Reservations postmarked **prior to January 10, 2023 will be returned.** Reservations must be made on the reservation **Form on pages 14 - 16** and include a deposit of one night's lodging. The reservation form may be duplicated as needed for multiple rooms.

Please be considerate when making reservations. Every year unneeded reservations are made, only to be cancelled at a later date, creating unnecessary confusion for potential guests and the hotel staff. If you must cancel reservations, please do so as early as possible. **Any reservation cancellations must occur on or before February 15, 2023 to receive a full refund.**

RV CAMPING

ON-SITE CAMPING . . . Frankenmuth city ordinances prohibit overnight camping except in commercial campgrounds. However, the City of Frankenmuth has again waived its "no overnight camping" rule for our 2023 Specialty and **will permit a maximum of 20 self-contained RVs** (motor homes and camping trailers only; no tents or pop-ups) to camp on-site in a designated area. The designated area is conveniently located behind the Kern Pavilion. **There will be no electric hook-ups** but a water source and a dump station are available nearby.

The limited number of on-site camping spaces **must be reserved for the entire week** (Monday, May 1st —Saturday, May 6th) at a cost of **\$500**. In the event the designated camping area becomes unusable due to weather conditions, the camping fee will be refunded and RVs must move to a commercial campground as the City of Frankenmuth will not permit camping in any other area of the show grounds. To reserve an on-site camping space, complete the RV Reservation **Form on page 19**. Reservations for on-site camping will be accepted beginning with a **January 10, 2023** postmark. **Deadline: February 15, 2023 or earlier when available spots are filled.** No refunds will be given after **April 1, 2023** unless the spot is filled from a waiting list. **Contact: Chuck Ialungo.**

NEARBY CAMPING . . . Overnight camping, with full hookups, is available at the following nearby commercial campgrounds, which accept reservations up to a year in advance:

- Frankenmuth Jellystone Park (approximately 1/2 mile from the show site) • (989) 652-6668
www.frankenmuthjellystone.com.
- Pineridge RV Campground (approximately 5 miles from the show site) • (989) 624-9029.

The Newfoundland Club of America reserves the right to forcibly enter parked vehicles (locked or unlocked) if it believes a dog inside is in distress.

PARKING & GOLF CARTS

GENERAL PARKING . . . The hotel parking lots have space to accommodate 1,800 vehicles providing ample parking for exhibitors and spectators. Exhibitors may drive to the grooming building to unload before parking their vehicles. However, in 2023, there is construction scheduled for the Northeast hotel property adjacent to Heritage Park. Please be respectful of any barricaded areas.

DAYTIME RV PARKING . . . For those camping in one of the commercial campgrounds and wishing to drive their RV to the show each day, a paved hotel parking lot south of the main Bavarian Inn Lodge entrance, will be reserved for daytime RV parking. The distance from the daytime RV parking lot to the show ring is about 0.3 mile. Those who utilize this option may wish to consider renting a golf cart. To help us plan the number of RV parking spaces needed, please complete the **Form on page 19**. **Deadline: April 1, 2023. Contact: Chuck Ialungo.**

RESERVED HANDLER PARKING . . . Reservations to reserve handler parking is available to any exhibitor with three (3) or more Newfoundlands **ENTERED** in conformation, obedience and/or rally. Parking will be in parking lots approximately 125 ft. from the show ring. Each spot will be 18' X 18'. The cost is \$75. There will be a limited number of larger spots, 18' x 36', to accommodate larger handler vehicles such as box trucks that are over 18', at a cost of \$120 each. RVs are **not** permitted to park in the Handler Parking Area. Generators may not run during the quiet hours of 10:00 P.M. — 6:00 AM. Car magnets for emergency contact information of each vehicle parked in the lot will be issued and must be visible on the vehicle at all times. To reserve a spot, fill out and return the **Form on page 20**. **Deadline: reservation/cancellation, April 1, 2023. Contact: Dejah Petsch.**

The NCA reserves the right to forcibly enter parked vehicles (locked or unlocked) if it believes a dog inside is in distress.

GOLF CARTS . . . For your convenience, golf carts are available for rent by reservation. The cost for the week is \$260 for a 2-passenger cart and \$365 for a 4-passenger cart. They can be checked out in the RV Camping Area behind the Kern Pavilion beginning Monday afternoon, May 1st, and they must be returned to a designated area in the hotel parking lot no later than Saturday, May 6th, immediately following Best of Breed. Before reserving a cart, please be advised that they may be used **only within the show site** on driveways and hard surfaces and must be parked in designated areas. They may not be driven into town or on the park lawns. These are Frankenmuth regulations, and violators will be subject to AKC Discipline Procedures. To order a golf cart, please complete the **Form on page 22**. **Deadline: April 1, 2023. Contact: Dan Trakas.**

HEALTH TESTING

Due to the lateness of relocating the 2023 National Specialty to Frankenmuth, the NCA Health and Longevity Committee was unable to secure a Canine Cardiologist or Ophthalmologist for health screenings.

DNA TESTING. . . Complimentary blood draws for submission to the OFA CHIC DNA repository will once again be performed by licensed Veterinarians at the show site. If your dog's DNA has not been collected, please consider participating in this important health clinic to aid future research.

HEALTH AND LONGEVITY EDUCATION PROGRAM . . . A Q&A session will be held after the presentation. The presentation is free and light refreshments will be provided. **The RSVP form is on page 33.** Please register so the committee may plan accordingly.

Sharon Gwaltney-Brant DVM, PhD, DABVT, DABT

Dr. Gwaltney-Brant was a “military brat” who moved extensively with her family before landing in North Carolina where she received her Bachelor of Science and Doctor of Veterinary Medicine degrees from North Carolina State University. After 3 years in private small animal and emergency veterinary practice, Dr. Gwaltney-Brant entered a veterinary pathology residency program at Kansas State University, where she earned a PhD in veterinary pathology. After completing a post-doctoral program at the National Animal Disease Center in Ames, IA, Dr. Gwaltney-Brant joined the ASPCA Animal Poison Control Center in Urbana IL, ultimately becoming vice president and medical director. During this time, Dr. Gwaltney-Brant obtained board certification in general toxicology (DABT) and veterinary toxicology (DABVT). After over 13 years at the ASPCA, Dr. Gwaltney-Brant subsequently joined Veterinary Information Network (VIN), an online educational and advisory community for veterinarians, where she served as a toxicology consultant, headed development of a veterinary drug formulary for veterinarians, and provided toxicology-related online content for use by veterinarians. Although formerly “retired” from VIN since January 2022, Dr. Gwaltney-Brant continues to serve as a toxicology consultant on the VIN message boards. She holds adjunct faculty positions at the University of Florida and University of Illinois, where she has taught toxicology and forensic toxicology to veterinary students. Dr. Gwaltney-Brant has delivered online continuing education and college credit courses on veterinary and forensic toxicology and has published over 200 journal articles and book chapters on toxicology, pathology, and veterinary forensic science. She has lectured at numerous regional, state, national and international veterinary conferences, and has also lectured to non-veterinary audiences, including dog clubs and civic organizations.

Dr. Gwaltney-Brant was introduced to her future husband, Tom Brant, when her Doberman pinscher, KC, fell in love with his Newfoundland, Woodstock, at the Manhattan, KS Kennel Club dog training class. In the ensuing 30+ years, she and Tom have been involved in most aspects of the Newfoundland dog world, particularly working events. Tom, a retired water and draft test judge, does most of the training and title-earning while Sharon takes his finished “ringers” and requalifies them. Sharon has also stewarded for conformation, draft, obedience, rally, and water events. Sharon and Tom are members of the NCA as well as Heart of America and River King Newfoundland Clubs.

REGISTRATION: There is no charge for attending, but seating is limited. Sign up by using the **Form on page 33 or online @ www.ncanationalspecialty.org**.

**2023 NCA National Specialty
Auxiliary Guest Room
Reservation Form**

The Newfoundland Club of America will hold its 2023 National Specialty at the familiar and friendly confines of Frankenmuth's Heritage Park and Harvey Kern Pavilion. However, the NCA was not able to secure its normal guest room allotment solely at the host Bavarian Inn Lodge hotel beginning Sunday, April 30 thru Tuesday, May 2, 2023 (due to prior commitments at the hotel). Beginning Wednesday, May 3, the Bavarian Inn Lodge should be able to accommodate the show's full (entire) guest room demand at the Lodge.

To facilitate all hotel guest room reservation needs for the entire week, the NCA has reserved three additional smaller dog friendly room blocks at nearby hotels in Frankenmuth for our show in Michigan's Week in Little Bavaria. These hotels are the Frankenmuth Motel, The Drury Inn, and the Fairfield Inn. Each hotel has unique guest and booking requirements.

Rooms reserved through the NCA at these hotels will accommodate guests and dogs in guest rooms for the week of the dog show. **Reservations must be made by completing both the Bavarian Reservation form and the Supplemental Guest Room Reservation Form and mailing both forms to the Bavarian Inn Lodge, One Covered Bridge Lane, Frankenmuth, MI 48734. Email or electronic transmission to the Bavarian Inn or other hotel properties is not permitted. Fanciers living in foreign countries should contact the show chair prior to January 10, 2023, stevebritton.ncaboard55@yahoo.com, to request special arrangements for submitting guest room reservations.**

Please rank order below your first, second, third and fourth hotel room reservation choices and please refer to the information about each hotel noted below.

HEALTH AND LONGEVITY SEMINAR

Poisons and Your Pet

Deadline: April 1, 2023

The NCA Health and Longevity Committee is hosting a presentation on ***Poisons and Your Pet*** with NCA member Sharon Gwaltney-Brant DVM, PhD, DABVT, DABT -Wednesday 3, 2023 at 8:00 p.m.

Please join H&L for a presentation on common household poisons. A Q&A session will be held after the presentation.

The presentation is free and light refreshments will be provided. The RSVP form is on Please register so we can plan accordingly.

Sharon Gwaltney-Brant DVM, PhD, DABVT, DABT

Dr. Gwaltney-Brant was a “military brat” who moved extensively with her family before landing in North Carolina where she received her Bachelor of Science and Doctor of Veterinary Medicine degrees from North Carolina State University. After 3 years in private small animal and emergency veterinary practice, Dr. Gwaltney-Brant entered a veterinary pathology residency program at Kansas State University, where she earned a PhD in veterinary pathology. After completing a post-doctoral program at the National Animal Disease Center in Ames, IA, Dr. Gwaltney-Brant joined the ASPCA Animal Poison Control Center in Urbana IL, ultimately becoming vice president and medical director. During this time, Dr. Gwaltney-Brant obtained board certification in general toxicology (DABT) and veterinary toxicology (DABVT). After over 13 years at the ASPCA, Dr. Gwaltney-Brant subsequently joined Veterinary Information Network (VIN), an online educational and advisory community for veterinarians, where she served as a toxicology consultant, headed development of a veterinary drug formulary for veterinarians, and provided toxicology-related online content for use by veterinarians. Although formerly “retired” from VIN since January 2022, Dr. Gwaltney-Brant continues to serve as a toxicology consultant on the VIN message boards. She holds adjunct faculty positions at the University of Florida and University of Illinois, where she has taught toxicology and forensic toxicology to veterinary students. Dr. Gwaltney-Brant has delivered online continuing education and college credit courses on veterinary and forensic toxicology and has published over 200 journal articles and book chapters on toxicology, pathology, and veterinary forensic science. She has lectured at numerous regional, state, national and international veterinary conferences, and has also lectured to non-veterinary audiences, including dog clubs and civic organizations.

Dr. Gwaltney-Brant was introduced to her future husband, Tom Brant, when her Doberman pinscher, KC, fell in love with his Newfoundland, Woodstock, at the Manhattan, KS Kennel Club dog training class. In the ensuing 30+ years, she and Tom have been involved in most aspects of the Newfoundland dog world, particularly working events. Tom, a retired water and draft test judge, does most of the training and title-earning while Sharon takes his finished “ringers” and requalifies them. Sharon has also stewarded for conformation, draft, obedience, rally, and water events. Sharon and Tom are members of the NCA as well as Heart of America and River King Newfoundland Clubs.

Registration for this seminar is FREE and includes light refreshments.

Please let us know if you will attend.
